DETAILED ACTION

The amendment filed on March 23, 2004 has been entered. Claims 30-32 are cancelled, and claims 21, 23-29 and 39-44 are pending.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 27-29 and 43-44 are rejected under 35 U.S.C. 102(b) as being anticipated by Chrysler et al (Figure 4 and column 4, lines 5-9). As evidenced by Horiuchi et al, screening solder in the form of paste is well known in the art of heat exchanger manufacture. Regarding claim 28, solder paste is screened onto the front side of the integral spacer base 11, 11A. Regarding claim 44, any plate located at the end of the stack is read as an “end plate.”

Allowable Subject Matter

Claims 39-42 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 21 and 23-26 are allowed.

Response to Arguments

The drawings objection is withdrawn.

The rejections in view of Kawai et al and Katagiri et al are withdrawn.

No further comments are deemed necessary at this time.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
